ACO UPDATE

Scripps Community Connect
A fully integrated EHR for Scripps-affiliated physicians

Through a program called Scripps Community Connect, we're making Epic EHR available to physicians who are committed to working within the Scripps network. Eligible practices will receive the full suite of applications designed to enhance care and improve outcomes for our mutual patients, while keeping your office billing separate.

Even better, we'll help you pay for it. Through participation in the Medicare Shared Savings Program (MSSP) and the Scripps Accountable Care Organization (ACO), you may be eligible for a significant subsidy to license and install Epic in your office.

Next Steps

For additional information please review the attached brochure. We will be holding four informational meetings to review the offering and answer any questions you may have.

Scripps Community Connect Informational Meetings

Scripps Memorial La Jolla
Schaetzel Shepherd Great Hall
January 18, 2018 5:30-7:30 PM
