

No Action Required: Information Only
New MD-Staff Credentialing, Privileging & Reappointment System

Scripps has transitioned to a new online system for provider credentialing, privileging and reappointment. The new system, **MD-Staff**, replaces the paper forms formerly used across Scripps and is a cloud-based application that provides streamlined, automated credentialing and tracking.

MD-Staff also interfaces with many online verification outlets, thereby reducing the amount of information providers must manually type into the program. For example, the reappointment application will have all the information listed in the credentialing system for simple review/correction and submission process.

Provider Privileges Inquiry

Physicians can also check their medical staff privileges by clicking on the links below. You must be on a Scripps computer onsite or logged into the Scripps network via VPN (Citrix) if working remotely to access this information.

MD-App Tutorial Video for Providers

MD-App is the mobile application for the MD-Staff credentialing, privileging and reappointment system. To access the tutorial video, please click on:

<https://web.microsoftstream.com/video/5863c201-2bca-4f47-8860-01b179e389dd>

An MD-App cheat sheet is also available at: [MD-App Cheat Sheet](#)

ACO Credentialing

If you have a new provider joining your practice please contact your assigned Practice Outreach Manager (POM) to launch the “credentialing request” form. Upon completion and submission of the form you will then receive a link directly from Centralized Credentialing Services for further instruction.

For more information of the MD-Staff highlights please click on this download for a one-page overview for [providers](#), as well as [frequently asked questions for providers](#).
