

SCRIPPS ACCOUNTABLE CARE ORGANIZATION, LLC	POLICY DATE August 7, 2019	SUPERSEDES POLICY DATED N/A
	APPROVED BY Scripps Accountable Care, LLC Management Board	
POLICY NAME: Acceptance of Governmental Agency Access to Scripps Community Connect Electronic Health Record System		

I. POLICY

The Scripps Accountable Care Organization, LLC, (the “Scripps ACO”), in conjunction with Scripps Health, participates in various governmental programs whereby certain governmental agencies are granted access to both the Scripps Health and the Scripps Community Connect electronic health record systems in order to verify various information related to patients and health care programs. Scripps Health allows such access only after it has determined such access does not violate applicable laws or regulations.

Accordingly, by receiving access to the Scripps Community Connect electronic health record system, you (on behalf of yourself, your practice and any practice providers and employees) accept that Scripps Health and the Scripps ACO may allow governmental agencies the access to the Scripps Community Connect electronic health record, including your and your practice’s instance of such electronic health record, as described above.
