

## Access to Epic Via EpicCare Link

Scripps and the Scripps ACO want to connect with you to support care of your patients. With the Epic EHR Wave 3 now completed at Scripps Mercy Hospital, the entire Scripps Health system is now officially live on Epic. However, as an independent provider, what does that mean for you?

We know you may not be using the Epic ambulatory EHR in your office but we recognize that connectivity to Scripps hospitals and ambulatory centers is essential for streamlined patient care. The solution for Epic access to select patient information is available via EpicCare Link.

### What is EpicCare Link?

EpicCare Link is Epic's web-based application for connecting health organizations to their independent providers. It allows providers secure access to patient information that resides in the Epic database. It is a view-only application and providers can access EHR information including lab results, diagnostic test results, hospitalization records, procedural information, discharge instructions, progress notes, medications, allergies, medical history and more at our various Scripps facilities.

### How Do You Access EpicCare Link?

To access EpicCare Link you will need a PC or Macintosh computer, a high-speed or DSL internet connection and current browser edition of Internet Explorer or Mozilla Firefox. EpicCare Link is a web-based program and requires no professional installation.

### How Do I Sign Up for EpicCare Link?

While we are currently working on a "self-serve" process for providers to access EpicCare Link, connectivity can be completed by contacting your region's practice outreach manager. Our Scripps IS team will then follow-up with your request.

If you have any questions or need EpicCare Link access, please contact your region's practice outreach manager:

North of SR-52, please contact:

**Stacy Pevney** at [pevney.stacy@scrippshealth.org](mailto:pevney.stacy@scrippshealth.org) or 858-537-7910.

South of SR-52, please contact:

**Eydie Strouse** at [strouse.eydie@scrippshealth.org](mailto:strouse.eydie@scrippshealth.org) or 619-279-9868.
