

Medicare Shared Savings Program Provider Dashboard

Scripps ACO has committed to ensure providers have visibility into their individual attribution, cost, and quality performance for the Scripps ACO Medicare Shared Savings Program (MSSP) and know what actions they can take to improve their performance.

Attached is a provider dashboard with an update on Scripps ACO MSSP metric performance with individual utilization performance. The dashboard contains five categories, the purposes of those five categories are outlined below:

Quality and Safety—Transform to a high value, patient centric, coordinated wellness, prevention, and acute model of care

Experience—Measure patient’s experience with their primary physician within the ACO

Efficiency/Spend—Succeed financially under MSSP Track 3 payment model

Growth—Grow enrollment and services to meet the needs of the community

Citizenship—Participation and engagement in the ACO

The data contained in this dashboard represents claims from January 2017-May 2017. As the ACO continues to develop this will become a more robust, comprehensive dashboard.

Following your receipt of this dashboard, your practice outreach manager will be contacting you to schedule time to review your dashboard and the programs that the ACO has developed to assist you in continuing to provide high quality care for your ACO patients. In the meantime, if you have an urgent issues or questions please contact your practice outreach manager at:

If your practice is located...	
North of SR-52	Contact Stacy Pevney at Pevney.stacy@scrippshealth.org or by calling 858-537-7910.
South of SR-52	Contact Eydie Strouse at strouse.eydie@scrippshealth.org or 619-279-9868.
